

## EVALUATION SCORING SHEET FOR CONCEPT NOTE

*The evaluation scoring sheet for Concept Notes (CN) should be completed for all notes received. All notes received will be given a control number by the EbA Facility Program Manager. CN that have a “No” as an answer in the Compliance section, should not proceed to the rest of the evaluation. In this case, the scoring sheet will be registered together with the proposal in CBF files. The Applicant Organization and Project Approach sections should be completed individually by more than one person and the proposal should have a final score composed by the arithmetic average of the individual scores received. The maximum score is 70 points, being 20 points for Applicant Organization and 50 points for the Project Approach.*
